PROFILE

GLOGIMEX JOINT STOCK COMPANY

I MESSAGE FROM MANAGEMENT

Dear Valued Clients and Partners,

Welcome to GLOGIMEX.

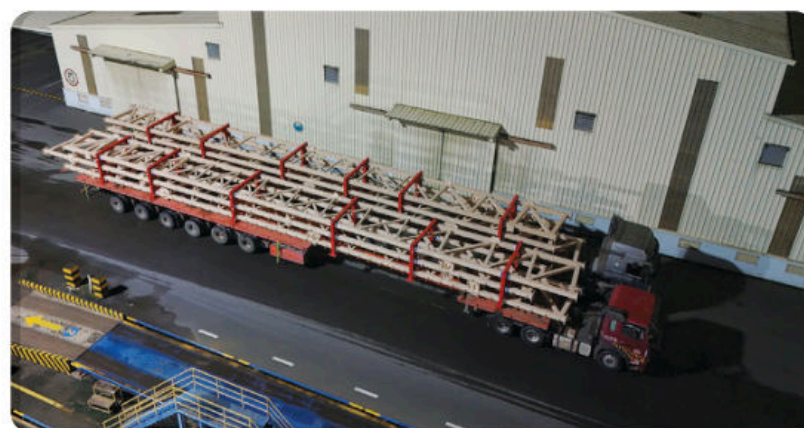

At GLOGIMEX, we believe logistics is far more than the movement of cargo. Every shipment represents the commitment, investment and expectations behind a project. Our responsibility is not only to deliver cargo safely, but also to help our clients achieve successful project outcomes.

With an engineering mindset, a strong commitment to safety and a customer-focused approach, we strive to provide practical and reliable logistics solutions tailored to the unique requirements of every project.

We sincerely appreciate the trust our clients and partners have placed in us. We look forward to building long-term partnerships and contributing to the success of your future projects.

Thank you for choosing GLOGIMEX.
Sincerely,

NGO VAN HOANG
Founder & Chief Executive Officer
GLOGIMEX Joint Stock Company

I ABOUT GLOGIMEX

“ *Moving Critical Cargo. Protecting Project Success.* ”

ENGINEERING LOGISTICS FOR SUCCESSFUL PROJECT DELIVERY

Industrial projects demand more than transportation. They require logistics solutions that protect safety, maintain schedules and control risks throughout every stage of project execution.

That is where GLOGIMEX comes in.

We are a specialized provider of Engineering Logistics and Project Logistics solutions for industrial, energy and infrastructure projects.

Working alongside Project Owners, EPC Contractors, Construction Contractors, Logistics Partners and Industrial Clients, we plan, coordinate and execute complex logistics activities with one objective — to support successful project delivery.

OUR PHILOSOPHY

At GLOGIMEX, we believe logistics is far more than moving cargo.

Every shipment represents months of engineering, procurement, fabrication, investment and project planning. A single logistics decision can directly influence construction progress, project schedules, costs and ultimately the successful delivery of an entire project.

That is why every solution begins with understanding the project, understanding the work and understanding the risks.

For GLOGIMEX, safety comes first, schedules must be protected and risks must be controlled.

Our commitment is simple:

To give our clients the confidence that every critical shipment arrives safely, on schedule and ready to support successful project delivery.

OUR LOGISTICS SOLUTIONS

ENGINEERING LOGISTICS

- ◆ Planning
- ◆ Risk Control
- ◆ Engineering

Engineering-driven logistics solutions for critical and oversized cargo.

PROJECT LOGISTICS

- ◆ Planning
- ◆ Execution
- ◆ Coordination
- ◆ Monitoring

Integrated logistics management for EPC and industrial projects.

INTERNATIONAL FREIGHT FORWARDING

- ◆ Project Cargo
- ◆ Air Freight
- ◆ Ocean Freight (FCL · LCL · Breakbulk · RoRo · Chartering)

Reliable global transportation connecting suppliers with project sites.

INLAND TRANSPORTATION

- ◆ Road
- ◆ Heavy Haul
- ◆ Inland Waterway
- ◆ Last Mile

Safe and efficient cargo transportation across Vietnam.

CUSTOMS & WAREHOUSING

- ◆ Customs
- ◆ Cargo Handling
- ◆ Warehousing
- ◆ Distribution

Supporting seamless cargo movement from arrival to final delivery.

WE UNDERSTAND YOUR PROJECT

EVERY SUCCESSFUL PROJECT DEPENDS ON SUCCESSFUL LOGISTICS

Industrial projects are built through thousands of coordinated activities. Behind every piece of equipment delivered to site lies months of engineering, procurement, manufacturing and planning.

Logistics is not an isolated activity. It is a critical part of the project execution process, directly influencing construction progress, commissioning schedules and overall project success.

That is why GLOGIMEX approaches every shipment by first understanding the project before planning the logistics solution.

WE UNDERSTAND WHAT MATTERS

PROJECT OBJECTIVES:

Safety · Quality · Schedule · Cost

PROJECT MILESTONES:

Engineering · Procurement · Construction · Commissioning

CRITICAL EQUIPMENT:

Heavy · Oversized · High Value · Long Lead Items

PROJECT STAKEHOLDERS:

Owners · EPC Contractors · Vendors · Carriers · Site Teams

PROJECT RISKS:

Delay · Damage · Safety · Interface · Cost

"Every effective logistics solution begins with a thorough understanding of the project."

I WE UNDERSTAND YOUR CHALLENGES

EVERY PROJECT FACES CHALLENGES. EVERY CHALLENGE NEEDS THE RIGHT LOGISTICS PARTNER.

Industrial logistics is more than moving cargo from one location to another. Every project presents unique technical, operational and commercial challenges that require careful planning, close coordination and disciplined execution.

At GLOGIMEX, we focus on identifying potential risks early and delivering practical logistics solutions that keep your project moving forward.

YOUR CHALLENGES

Tight Project Schedule

Meeting critical milestones without compromising safety or quality.

Critical & Oversized Cargo

Handling valuable equipment that demands specialized transportation and lifting solutions.

Complex Supply Chain

Coordinating multiple suppliers, carriers, ports and project stakeholders across different countries.

Project Risks

Managing transportation risks that could impact safety, schedule, cost and project performance.

Reliable Coordination

Maintaining clear communication and seamless collaboration throughout the entire logistics process.

***"We don't eliminate every challenge.
We help you manage them with confidence."***

I HOW WE DELIVER

A STRUCTURED APPROACH TO PROJECT LOGISTICS.

Successful project logistics requires more than transportation. It requires planning, engineering, coordination and disciplined execution throughout every stage of the project.

At GLOGIMEX, we follow a structured approach that enables us to manage complexity, minimize risks and support successful project delivery.

OUR APPROACH

01 UNDERSTAND
Understand project objectives, technical requirements, schedules and stakeholder expectations.

05

SUPPORT

Provide continuous communication and logistics support until successful project completion.

04

DELIVER

Execute safely, monitor continuously and respond proactively to keep the project moving.

03

COORDINATE

Work closely with owners, EPC contractors, suppliers, carriers and site teams to ensure seamless execution.

02

PLAN

Develop practical logistics solutions with safety, efficiency and risk control as key priorities.

"Planning with Precision. Delivering with Confidence."

I WHY CLIENTS TRUST GLOGIMEX

MORE THAN A LOGISTICS SERVICE PROVIDER. A RELIABLE PROJECT PARTNER.

At GLOGIMEX, we believe trust is earned through consistent performance, technical expertise and responsible execution. We are committed to supporting every project with professionalism, transparency and a strong focus on safety, quality and schedule.

***“Trusted to Move
Critical Cargo.
Committed to
Project Success.”***

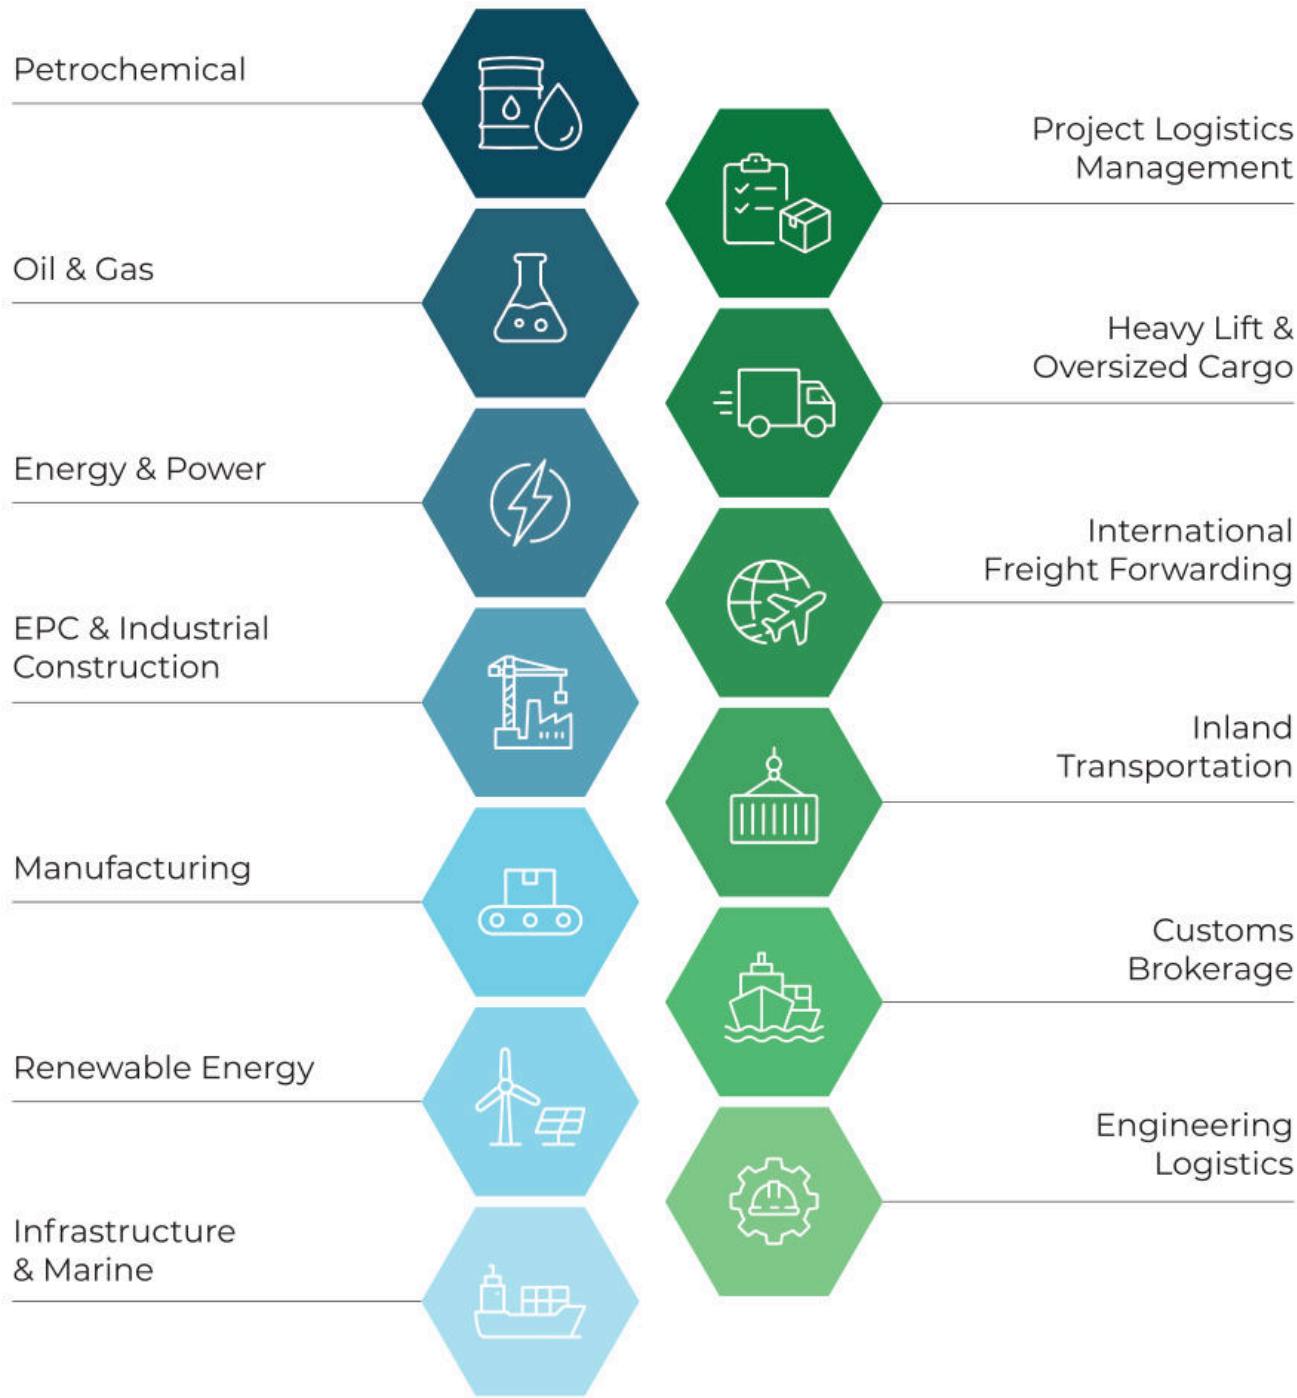

I PROJECT EXPERIENCE

SUPPORTING INDUSTRIAL PROJECTS WITH RELIABLE LOGISTICS SOLUTIONS.

Every project is unique. Different industries, different cargo and different challenges all require tailored logistics solutions.

GLOGIMEX is committed to supporting industrial projects with professional planning, engineering expertise and reliable logistics execution throughout every stage of project delivery.

INDUSTRIES WE SERVE

PROJECT REFERENCES

GLOGIMEX has a proven track record in transporting oversized and heavy-lift cargo for major oil & gas, petrochemical, energy, and construction projects. Our project portfolio includes the successful delivery of steel structures, mixers, accommodation modules, pipe galleries, storage tanks, pressure vessels, transformers, and other specialized industrial equipment. With the capability to manage shipments totaling up to 12,500 CBM and individual cargo units as wide as 7.4 meters, we consistently deliver safe, reliable, and technically compliant logistics solutions while meeting demanding project schedules.

I VISION, MISSION, CORE VALUES

VISION

To become a trusted Engineering Logistics and Project Logistics partner, delivering safe, reliable and value-driven logistics solutions for industrial projects across Vietnam and the region.

MISSION

Deliver practical logistics solutions that help clients execute projects safely, efficiently and successfully. Build long-term partnerships through professionalism, technical expertise and responsible execution. Continuously improve our people, processes and capabilities to meet the evolving needs of industrial projects.

CORE VALUES

SAFETY

Safety is our highest priority in every decision and every operation.

INTEGRITY

We act with honesty, transparency and responsibility in everything we do.

PROFESSIONALISM

We deliver with technical expertise, discipline and attention to detail.

COMMITMENT

We are committed to protecting our clients' safety, schedule and project objectives.

CONTINUOUS IMPROVEMENT

We continuously learn, innovate and improve to create greater value for our clients.

"Engineering Logistics for Successful Project Delivery"

I LET'S BUILD YOUR NEXT PROJECT TOGETHER

ENGINEERING LOGISTICS FOR SUCCESSFUL PROJECT DELIVERY

Whether you are planning a new project, expanding an existing facility or transporting critical equipment, GLOGIMEX is ready to support your logistics requirements with safe, reliable and practical solutions.

We look forward to becoming your trusted logistics partner.
